Phill Gramm, the most
narrow, bigoted Republican
you could find. Even a Texas
woman said she voted him in and
now she wanted him out. Would
you ever be able to find a middle-
of-the-road Republican to hear?
Let's have more people like ^{Bradley} ~~the~~
^{and wife} from the Washington Post. Seems
to me that Gramm was in some
trouble over a house he built in
Texas. Sour Grapes! that is
what The GOP people are
expressing
