

Dear Mr. Lamb,

I have watched your Call in Program with three member Panel on the Homeless - a black man from Chicago - Mrs Cheney and another ^(Puckard) man. This morning is the second time I have viewed it - And I have yet to hear anyone say what and who caused the Homeless. I don't remember hearing about the Homeless until 1981 when Ronald Reagan took away the Funding from the Mentally and Physical Handicapped persons who are unemployable because of their disability - These were the first people without any income to pay rent - utilities or buy food - Their families couldn't help because Reagan began his destruction of Labor Unions by firing thousands of Air Controller and hiring unqualified non-union Air Controllers - and like Domino's Labor Unions folded one by one - as factories filed for Bankruptcy and either re opened as a non union business or moved their Business out of USA for cheap labor. Then Reagan opened the Door for Foreign Business which made Products better than that made by American Workers - resulting in the largest Unemployment since the 1930's Depression. Then all our unemployed American Factory union paid workers were offered

minimum Pay Jobs Created by the Reagan-Bush Administration - causing the Union Paid Factory Worker not only to have lost the Beautiful Home they were buying while a Union Paid Worker - but had been unemployed for 6 months or 1 yr - all their savings gone - mortgage home gone - and now with the minimum Paid Service Jobs that the Reagan-Bush Administration were crowing about creating did not pay enough to rent and pay utilities - here we added families to the Homeless - then there was the misuse of HUD funding low income housing - cut in welfare (which Republicans look down on and label them as Welfare Queens) Then Rental Property Owners hiked their rent - so we added more Homeless - Then the Reagan-Bush Administration focused on the Family Farmer all that was left with a roof over their head were the Wealthy or the Retired Elderly who had already paid off their mortgage - We have only the Rich with incomes of \$100,000 a year ^{2 more} - the near Rich \$60,000 or more yearly income - then what used to be middle Union Paid Factory income of \$40,000 up to \$60,000 that were now working for \$7,000 to \$20,000 - Americans Families are either Rich or Poor Working Families - or the unemployed

Poor and the Elderly - whose only income is Social Security (who Ronald Reagan tried to cut or eliminate altogether)

So you should ask these Guests who are trying to defend the Homeless - to walk among these Homeless - (the ones who are working with low pay - when they became Homeless - I'll bet you'll find they became Homeless under the Reagan-Bush Administration)

I love your Call-in Shows the best but I wish C Span most of the Day - but one important Political Problems in this Country you don't carry your investigations far enough. America needs to be informed when Our Country became famous as the Homeless Country - The Drug Addicted - The Gun killers Country - The Power Grabbing Controlled Corrupt 1980's Government - The only way America can be informed so they can vote accordingly - C Span is going to have to go further with their Investigative Reporting (uncensored). I feel better informed - more knowledgeable about American Government - and our invasion into Foreign Governments under the guise of being invited - Our Foreign Policy has been the only Policy and it is corrupt - We are not being heard

by Our Constitutional Law that does not include Policing The World while America is unfunded - Crumbling - Decaying and ignoring the needs of the Homeless - the Starving and those who need Medical Care who have no Medical Ins.

If we read the Preamble - We can see where these Republican Administrations are neglecting the Laws of Our Constitution - Its Amendments like Freedom of Speech - unencensored Freedoms of the Press; and Our Bill of Rights

We the People of the United State, in Order to form a more perfect Union, establish Justice for all including those indicted in Reagan's Executive Branch - who got Diplomatic Privilege (unaccountable Jefferson) Insure "Domestic" Tranquility, Provide for the Common Defence (not European or Japan) Promote the General Welfare of all Americans, and secure the Blessings of Liberty to Ourselves and Our Posterity, Do ordain and establish this Constitution for the United State of America -

Where in Our Constitution does it say American Tax Payers pay for the involvement of Foreign Wars - its destruction and then paying to rebuild those Countries - isn't this tapping without benefits to the tax payers? A question needed answered -
Sincerely [redacted] Liberty mo64068
