Dear Mr. Lamb,

I been enjoying your programs on the presidency and look forward, with great anticipation to your scheduled show on FDR (Oct. 11 pm), being that I am an FDR collector.

When you do that show, I hope you will be able to have Geoffrey C. Ward with you, at Springwood. I say this, because there is no other historian that has been able to capture FDR's public and private persona, as has Mr. Ward.

One only has to read his three books: "Before the Tempests", "First Class Temperament" and "Closest Companion", and you realize he has grasped the essence of FDR and his complex personal relationships, and also the importance of his home, "Springwood and Hyde Park, not to mention his struggle with Polio. Mr. Ward would truly make that show all that it should be, on our greatest modern
(over)

President.

Thank you.
