My dear Mr Lamb:-

Suggestion

I'm keeping C-SPAN on hoping
and praying that my request to you,
to show the Radio Talk show
WXTH will be realized-

You said when you announced
that you would be showing Radio
shows this week to make a request-
I'm still waiting for a previous
request I made some time ago

That you invite as a guest of
C-SPAN John LeBoutillier a past
Representative from New York or
Lt. Col. Bo Gritz both experts
on the POW MIA issue which is
still very much alive- Apparently

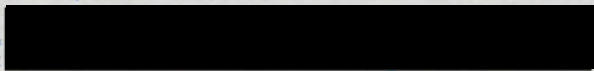

you just do what you like and
~~though~~ although you invite

suggestions its meaningless -
Bi Ased? I think you are rapidly
becoming so. Sincerely

W X + K
