Dear Sir:

As your listener - Colley says to you
every morning - Thank you for
C. Span!! Your services are a
special gift! — A question -
What ever happened to C. Span 2?
Here in Chicago, we receive a
very short segment in the morning
and - then coffee goes to religious
programs. Can something be done
to move those programs - or CSPAN 2

to another Channel? If the
Cable industry controls these
stations - why cannot an
adjustment be made?
