Dear Mr. Lamb:

I recently returned from a Washington, D.C. Close Up trip with four students from the [REDACTED]

Our prerequisites for participation are: The student must have successfully passed our government class, previously participated in the Juneau, Alaska Close Up program, solicited funds for participation, submitted a satisfactory participation essay, maintained a 2.0 or better grade point average for the semester of participation, and successfully completed the "Current Issues" material prior to the trip.

Needless to say our students were ready for a quality trip. I am happy to report that is exactly what they received. The Close Up staff is more than excellent, they are exceptional. Our students participated in a large range of activities that were closely monitored, well coordinated, and extremely meaningful.

I wish to thank you on behalf of the [REDACTED]
Without your support and belief in our children and the Government of the United States many lives would be void of the rich DC. experience.

Please accept my sincerest thanks.
