Dear Brian,

To paraphrase Maurice C. 's song,
"Thank Heavens - for C-SPAN" ! The relief and
comfort to see the concluding meeting - Hearing
on Mr. Gates nomination - after the past few days
with explosive reaction to CNN - and their constant
commercial interruptions, and their man-on-the-spot
cutting in to explain to all of "us stupid-viewers-"
what we had been seeing and hearing? My low-key
"euphoria" blasted CNN OFF cable - in toto! It has
got so that CNN comes on any and every station, usurp-
ing NBC CBS - etal ! whatever.

Now, if C-SPAN could either get another
cable station for repeat of ALL Congressional mee t-
ings and the reporters-round-tables ? I dare not
suggest the boring Senate and House daily - deleted?

Two other suggestions, one - that your
guests refrain from conversing, even arguing, with
callers inasmuch as the callers are paying for the
calls - and should be appreciated for doing so; next,
I was displeased by a little too much abruptness by
Mr. Collins. He needs to 'lighten up' - towards the
people calling in! Professorial - to be curbed?

With the constant plaudits by people who
call - WE ALL THANK YOU! Sincerely,

Personal

Mr. Brian Lamb
