Subject: HAPPY 20th, C-SPAN!!!

Friday 19 March AD 1,999

Dear Brian,

It is not my new intention to write daily. Sunshine and I watched you & Drudge this AM, plus I say Mathis later, and enjoyed as usual.

I have only called in once, when the Park Service (USA) guy was on in winter '97 or '98, yet I dialed and re-dialed today. I simply wanted to say Congratulations on 20 years, so I'll say it this way: Congratulations on 20 years!!

I hope you did receive my giant cartoon re: the same subject, which I sent last December in order to attempt to be FIRST.

Here is an anecdote the late Marshall McLuhan would have loved about C-SPAN, which I heard and have ever since been meaning to point up to you & Staff:

Date: Monday 16 March AD 1,998; Caller from Whittier, CA

B LAMB: DO YOU HAVE YOUR TV ON ?

CALLER: NO, I HAVE IT ON YOU.....(Conversation continues normally for a time further)

HEY!!!!!! That is true success! The Medium is NOT the Message with C-SPAN; The Message--the event being reported--is the Message ! At least, with that caller, and of course you, BPL, at that moment in earth-time.

Kind as always

Fairness or what?!!!!!!

Forums are so open now that McLuhan's
thesis is evermore apparent: The
tv's existence is the main point; the
forum is the forum, the forum is tv,
period. And "TV-like" media

We all now truly have mixing of public
and private behavior; what we are for-
getting is that in groups we retain our
individual rights to uniqueness.

The law's solution to equal treatment
is FAIRNESS; the religious solution is
LOVE

We are mixing the two in our public lives
by unfairly exposing private morality
as if it were in the public interest
to reveal public area activities!

Church and State clash when one area's
solution is applied to, or in, or by,
the other. Both criteria are important.
Both are natural life characteristics
in animals, altruism and taking turns at
mealtimes, yet as the "highest" animals
our souls are supposed to empower us
to apply fairness and love in a more
-in a MOST-enlightened manner....

Counsel Starr is applying the executive
prosecutor power as an arm of the legis-
lative, using the courts as a tool in-
stead of as due process, or fairness....

IT IS PUBLICLY "EXPOSED"
if you are "public"!!
