

9/4/93

Dear Brian:

I'm one of your Rottweilers (sp?).  
You're a Patriot and a good man, Brian  
and you can't know how much we need  
and rely on C-Span. C-Span, the  
radio and the conservative press are  
sustaining, uniting and strengthening  
us out here in the hinterlands.  
We feel occupied and under siege  
in our own country. We are afraid  
for our country. But we are fighting  
for her, Brian and you are a  
bright beacon in this fog of deceit.

I didn't mean to say all  
that. I only meant to make a  
comment about the Friday 9/3  
morning talk show. Nothing deep,  
like all the things we're learning  
about and fighting (NAFTA/GATT)  
Globalism / Trilateral Comm / CFR /  
Greed, betrayal - the New World  
Order - Somalia to Somalia, Carter  
to Clinton, 1913 to 1993 to 2000).  
Lincoln said tell the people the  
truth and the union will be  
safe. Thank you, Brian. We are

fighting. I myself was asleep at the wheel, brain dead, politically inert. Until O-Span. Two nights ago I challenged one of my elected officials (House of Rep.) at a Town meeting - (I got applause). Last week one of my Letters to The Editor was printed in the Houston Post - I've FAXed, phoned and written, in recent months, members of Congress from sea to shining sea, and I've joined up with Ross (for whom I voted). Those of us who've waked up feel obligated to awaken others.

But the comment is in regard to the lady who referred to men being evil. I tape your shows so I can study the conversation and learn, and you can tell when people are lying and generally their motives are fairly transparent, but I've never had the sense of anyone being truly evil until today. That lady meant men in general - (I don't agree with that and have always adored men and their male mystique). But I did have the ~~sense~~

sense that two of those men were really evil - one in particular, and that those two had some particularly horrid skeletons in their closets they seemed afraid might be exposed. The third man seemed like an egotist, a very nervous and unwell egotist type.

I've never had that feeling before just watching TV. In fact, I've never had that feeling before at all and [redacted] and I've been around. So when the lady called in I thought she must feel it too.

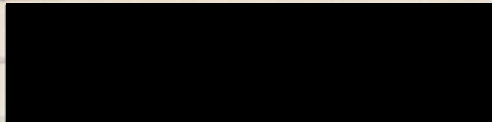

Obviously, they were there to sell NAFTA and promote Congress as a bunch of genuinely swell guys doing a good job and maybe they were just nervous because nobody was buying it, but that guy's eyes made the hair stand up on the back of my neck.

Well, I'll see you tomorrow, Bri, I watch every day.

God Bless and Keep you.
