To The Men and Women Working Within the Various News Medias:

As I feel most of you know a few people within the upper echelon of your particular organization through the owning and editing process, has sought to and has enforced total control over news reaching your viewers. They, in many cases have replaced excellent investigative reporters with their own brand of puppet or clone. They have slanted, and distorted and edited out important information that is needed by a free people to remain free and in control of their Government and destiny. In almost every instance over the past ten years, all Political news has been slanted, edited, distorted and held back to benefit the Reagan and Bush Governments, while systematically and in correlation with their Party Membership and comrades, supported the stripping from the American people, their most important freedoms.

Do any of you folks know who those people are? I'll bet you do! I'll bet many of you have had many sleepless nights trying to understand and wondering how to prevent their actions.

These mental midgets need a trip back to Mr. Roger's Neighborhood.

Fred Rogers might say.....

YOU AND WILLIAM RANDOLF HEARST ARE WRONG! FREEDOM OF THE PRESS does not mean, free only to those that own and edit.

FREEDOM OF THE PRESS covers all medias and is the pedestal and main support of ALL OTHER FREEDOMS.

That's why all Communist Leaders, Hitlers, Kings, Tyrants, Party Comrads and the like, take control of a Country's medias first, so THEY can tell the people what THEY want the people to know.

"CAN YOU SAY FREE-DOM? VERY GOOD- CAN YOU SAY FREE-DOM OF THE PEO-PL? ... BY THE PEOPLE? ... AND FOR THE PEO-PL? VERY ... VERY ... GOOD. You traitors!

Now, getting back to the most fantastic, intelligent, unbiased, honest, courageous and caring investigating reporters, and their assistants and counterparts.

You have the most important job and obligation of all. Not only to yourselves, but to your readers, viewers and listeners...THE AMERICAN PEOPLE.

To do your job properly, it will take every ounce of strength, self loyalty, integrity, honesty, intelligence, self control and love of truth and country.

Over the years, there has been a number of cases of inaccurate and incomplete reporting, half truths, or sensationalisms- only one aspect of the news. This type of thing has been severely damaging to many innocent people. When it comes to potential political leaders or political leaders now in office, this type of thing has truly altered the course of History.

I've heard all the stories about ratings and sales, and understand Americans love a scandal, especially a political scandal. THAT'S AMERICAN! As long as, after the juicy headline, there's room left for a complete understanding of what they are presenting or have been working toward on behalf of the American public. Let the people decide with unbiased and complete information. THAT'S AMERICAN!

The greatest service you can give to the company that employs you, and to increase the numbers of loyal viewers is to, to the best of your ability, REPORT THE WHOLE TRUTH, SO HELP YOU GOD.

Remember back to PS 101.... Who, what, when, where, and why, and lots of times, how? I think it's prudent for all of us to take a step back and remember, before we take a giant step forward.

Thankyou
