Dear Mr. Lamb,

Since the death of my husband who kept me informed on intellectual and public affairs subjects, I have largely switched my TV viewing from entertainment to programs such as yours, Larry King Live and Charlie Rose.

You are, in my opinion, the best interviewer on the air. You showcase your guests so well that I have learned a lot about them and what they have to say which earned them a spot on your show in the first place. I have learned about many things in which I had no interest initially and the scope of my interests is much broader.

The best evidence of your skill as an interviewer is that after many months of tuning in to C-Span, I have no idea what you think about anything, unlike some hosts who make their own views very clear while giving their guests little time to speak.

My favorite program is Booknotes. Thank you for your enlargement of my ideas and education.

Sincerely,

KNOXVILLE TN GMF 37950 20:14 01-USA29
