Gentlemen (or Ladies):

MAR 5 - ANSD

Sometime during December 1990 or early January of this year, you Broadcast an interview with Dr. I. King Jordan, President of Gallaudet University. Was there a Video (VHS) tape made of this interview and if so, is it available for sale to the Public?

I have a six-year-old Grandson who has been deaf from birth but is very well versed in American Sign Language. (His mother, who has a Master's Degree, is a teacher of the deaf in our school system.) My Grandson is now becoming aware of his handicap since part of each

School day he is being "Main streamed" in the "hearing" section of his school and is becoming very discouraged.

If it is at all possible to obtain a copy to obtain a copy of the interview tape (regardless of cost)

I would like to do so. I'm sure it would be a great help to him to see what the future could hold for him, i.e. the level of success that has been reached by Dr. Jordan, despite his own personal handicap.

I would appreciate an answer to this letter since I don't want to tell him or his Mother until I am sure a tape could be made available.
