

Dear Mr Lant:

March 19, 1993

I have been watching C-Span for many years, I am 40-year old & a special education teacher. I must say the press you have on your program have been outrageously disgusting. Your program last week "White House Media" was the worst I have seen. Mr. Scully certainly does find the most negative to comment on Pres. Clinton. Where they were Reagan/Bush were in office and let us get into this mess! The press is doing a good job of widening this Country with their comments on Calling Pres Clinton a liar.

Term-Limits for the press!!
