WASHINGTON DC 20001

An aerial photograph of Fort Myers Beach, Florida, showing a mix of residential, commercial, and natural areas. In the foreground, there's a large green park area with a winding path. To the left, a long, low-rise building with a blue roof is situated near a body of water. The middle ground features several multi-story apartment or condo buildings, some with balconies, interspersed with green spaces and smaller ponds. To the right, there's a large commercial building with a flat roof and a parking lot. In the background, the beach and ocean are visible, with more buildings and a bridge in the distance. The overall scene is a blend of urban development and natural beauty.
