Dear Mr. Lamb:

As an avid watcher & follower of your C-Span segments, I wish to thank you for interesting TV.

With NAFTA decision drawing near, I urge you to question your guests - especially members of Congress - if they have read the NAFTA Treaty. It is 1100 pages but Chapter 16 is very dangerous in my opinion as it subjects our country to sovereign action by the Treaty and overrules our Constitution. Also, the Reciprocity section permits Mexican professionals to freely cross border and practice - Doctors, Dentists, etc. - without regard to even State requirements.

Thank you.
