Mr. Lamb:

Where is a C-Span Three (and a Brian Lamb to host it)?

Where are more talking brains like Apple of the Times?

Where are first-rate programs like your recent one on Ireland? There is enough material (India and the Nehru-Gandhi dynasts there; South Africa—the Zulu factor; Mexico; the Arab East) just lying about to fill day after day of adult, intelligent viewing.

One more day (or night) of the egregious asses on the floor of Congress, or in Committee, and I shall surely hang myself.

There are millions like me...
