

Dear Brian - 1-28-92

What irony! How can  
those D.C. politicians  
talk / discuss Health Care,  
when they are sitting there  
in D.C. with free health  
care, with the exception  
that we taxpayers are  
footing the bill? How  
can they discuss this / debate  
this objectively?  
When / who enacted this  
free health care for the  
D.C. politicians. When  
was this enacted - by whom -  
who passed + voted for this?  
Please open wide the  
welfare system re free health  
care for D.C. politicians?  
This needs to be open to all!
