Dear C-span

I've creatively invented a,therapuedic type,theropy,the allocation of which,can be,disstributed,to only those,that have previously,registerd to,partiscipate,in our electoral prosscuss. .

Those that,have previouslyof,been convicted of,a violent crime will be,prevented from,acquiring,this life-prolonging method of,physice. .

Specifficly designed,to exercise,the human cardio-vascular system,by increasing,on an application of,applied stress so,in the,end you'll possess,all the pottential energy, of a tightly wound,coiled spring.

Having the,pottential,of creating enough back-washing, blood pressure,to loosen those fat's and,cholesterol's so they,can be screened out by,your fully functioning kidney's.

Am I to,remind you,that there only reason,for being,is to rid,your body of,toxin's,this has been creatively designed to,increase the,amount of,fluid's,you consume on,a ~~daily~~ daily basis.

These fluid's are to,be,pure water,and not coke or,other carbonated,colored water's,why on earth with cancer,rate's touching the,ceiling,would you wish,to introduce,an added bit of,work,to your,over taxed,kidney's.

If there were a law,stating that,you were required to, consume,the level of,soda-pop,we as,american's,now drink there would certainly be,a riot.

Because of,the immediate loss of,weight when instituted a reduction,in the rate,of occuring,fatal heart attack's will substanciate it value.

This was orridgeonally,concieved of,to improve,each and every,olympian event,as it'll prove to,be rather supperrior to commonly used,dead weight's.

Also to obtain this,item,you're reccquired to,earn a prescribed letter grade,in high school. To start with it will be a graduating average of a solid B-,ellivating~~ing~~ itself $\frac{1}{2}$,a grade ~~xxx~~ every ~~xxxxxx~~ two year's.

With knowledge,of what is expected of,them,they themsealve's will innitiate,the drive reccquired.

With no,added exspenditure of,finnancial resource's,being paid for by,the other nation's ,Saudiarrabia,is to become a member,even though they don't meet,the stated reccquirement of being a,democracy. Because it was,theirown rule of,law that~~in~~ innitally gave birth to,this.

What I will reccquest in return,for providing,the member's of,the exclsussive democratic club,are 5 solar sattellite's in order that I might obtain,the ability to,fund the,restorration of our environment.

To start with 60% of the,money's obtained,will go to,the need's of,the earth,20% will go,into a fund,to purchase more solar sattellite's,and the remaining ~~xxx~~ 15% WILL ~~xxx~~ be mine,with the remaining 5%,to go into a fund to, reduce ~~xxxxxx~~ hunger,in those area's,that I service,with my solar collection devise's.
