Dear Programming chief,

I would like to begin by expressing my appreciation for your coverage of the Senate and the house and more importantly international coverage of various democratic processes from Canada, Britain and Israel.

I would like to know if you already cover activities at the parliament of the world's largest democracy, India. If not, I would like to know if you have plans of covering the lower and upper houses of parliament (with necessary translations in English as you already do for coverage of Canada and Israel) of India. I would highly recommend that you do so at the earliest and by doing so you contribute to the spread of democracy around the world since India stands as a model democracy for the developing world.

I highly appreciate a response from you on this matter and request you to start the process of covering the political discussions
(contd..)

of both houses of parliament of India.

Thanking you for your kind
Attention,

Yours truly,
