Attention: Program Director

On February 12th I watched C-Span during four shows - Roast of Gephart and Novak - The Independent Political Action Group and the Conservative Political Action Conference.

The conservative PAC was a real sham. I have not heard so much hate - so many false innuendos - so many slurs, plus false recriminatory statements since I heard Hitler as a child in the nineteen thirties.

If they had their way - the freedom of press would cease to exist. Thank you for allowing the hate party to expose itself. As a Republican I am ashamed of my party that we support such hate.

Sincerely,
