Dear C-Span,

Just started watching you a month ago - I'm now addicted! I never thought I'd ever be interested in Politics but you make it the best and most interesting program on TV. Thank you.

I have one suggestion - please keep names and addresses of your guests and/or organizations on screen much longer so I have time to write them down.

on March 22 your guests Brother Ellis and Rep. Goodling were absolutely wonderful. Bright and funny.... what a wonderful political combination. Please have them back. Sen Reid and Sen Kyl were another pair of very fine guests and hope they too will return.

Again, thank you for being there. How nice it is to have a program that simply gives information and.

lets me make my own decisions.

Thank You.
Karen Morris-Warner

P.S. Again, please leave names and addresses
on screen much longer.
