Now watching ETICS Hearings!

Dear Brian:

Congratulations to all who contributed to making
"Events in the Persian Gulf" the most fascinating,
absorbing, enlightening three days of TV on
C-SPAN regarding Operation Desert Shield.

I lucked into finding it on Fox afternoon &
watched it each evening through dinner and
the entire evening.

Now, I have seen the Green Room at Pope AFB. My
husband (now retired) was an AF pilot who flew C-130s
at Pope AFB in '81. Things haven't changed much, he said -
"hurry up and wait" it still alive!
Thank all of you for great TV.
