To C-S PAN-Cato, Smokin  
you had on your late night

GRANITE FALLS, NC.

"probably a re-blow" of the day before, it was the first of last week around 10-3 or 10-4-E.P.A. and "Cato". It was the tests that have been run on the "dangers of smoking". I would like to know if I can get a copy, either paper or video, really prefer on paper, so I can make copies, my Smokers album wants a copy. If you will send it C.O.D. or drop me a card and I will send you a money order or check.

I have written every politician for "any" "proof" they have that smoking causes 420,000 deaths a year and ask them to come check 3 generations of my family who at least  $\frac{2}{3}$  or smokers, and the ones that aren't, are sure exposed to second hand smoke, we have a life span 75 to 83 and most of us have grown it for years and a lot of us have wood-burning stoves, but so far out of 5 generations I've cancer, only one heart attack, my grandpa, who was 82, who chewed, and smoked cigarettes. So please send me anything you have on facts.

THANK YOU!
