Dear Sirs:

I watch C-SPAN because

.....in addition to being informed on current events, C-SPAN takes me inside to see who is deciding the issues and how the process works. C-SPAN provides a dimension not otherwise available which affords me the opportunity to meet the participants, hear all sides of the issues and observe the outcome. C-SPAN goes right to the source for hard hitting news as it's happening. As a layman I feel C-SPAN is my best source for news that i can trust. Thank-you C-SPAN, keep up the good work.

Sincerely,
