RE: "Book 7 (+ ^{the} Person)
Joycelyn Elders, MD" former Surgeon General.*

On "Surgeon General" —
* First, we don't need one — !

2nd — I grew up poor, too. Why does
she think govt. should give (to many)
a chance.

We all know the taxpayers can't shoulder
all the programs (to many) the Clintonites,
throw out there on the taxpayer!

Joycelyn Elders was an embarrassment
to the United States of America!

What was unfair — she trough it on
herself, by her stupid statements!

Tell her to get people "to make choices", they can be
responsible for!

Military families are on foodstamps,
that is disgraceful!

Elders should have been teaching/
preaching responsibility + morals! Instead of
condom and legalization of drugs!

She should regret what she said,
'it was stupid'! Period!

6.11.1

The Clinton's & their "motley crew"
are valueless! Where is Clinton's heart?
& Hill's

She was/is a disgrace & a joke — glad I am

she's no longer Surgeon General -
And back in Little Rock, Arkansas.

Hope we can send Bice & Hill
back to Arkansas, too. (If Ark.
wants them ?)

"yep A
