Dear C-SPAN

002594 APR 1993

I'm a member of United We Stand America, I have watch your programs & have thought you were fare on your covering the news, until lately.

Mr. Perot is making public apperances every week-end in different States, I would like to see more of him on your program, also there is an election coming up in Texas we would like to see.

Please stay with your policy you had at election time & get him on.

There are 20 million of us, who would be watching, we need more T. V. stations that are not biased & give us an unbiased opinion.

Thank You
