Dear C-Span,

I want to thank you very much for the President series. I've watched all of them and find them fascinating! I especially enjoyed Lincoln's program today as we've been there and it's only 130 miles from our town, Keokuk, Iowa. It was interesting to see Samuel Miller's name as being on the Supreme Court, 1862-1890. His home and grave are in Keokuk!

Your President series is a great idea as there is so much to learn of each one, especially the less famous ones.

After this series is done, I hope you can do another series of perhaps

visits to famous people's homes, etc. There would be hundreds of possibilities, like from Edison to Mark Twain's Hannibal, Missouri. Of course that might not fit into C-Span's government agenda, I guess.

At any rate, thanks again. All of your hosts and guests are great. The tours of the homes are very interesting also.

Sincerely,

[REDACTED]
