

4/9/93

CSPAN -

I find your ⁰⁰²⁵⁹⁴ ~~SPAN~~ ^{APR 13 93} very illuminating. I watch a great deal of it. CNN etc I watch instead of the Big 3.

I'm a captive audience - as I went from elderly (who could care for herself) on my 71st birth day 5/28/91 to OLD. 5 weeks in hospital - 2 broken wrists - osteoporanthitic - on + on. As Health Care is my big concern.

I live alone, own my home + wish have to lose everything if I have to go to a nursing Home (a that I hate ^{rich} worse than death) on 75-4.68/month.

I do not watch soap operas - live lived my own - but I want death with dignity!

I want you to get some old - see FOLKS on - experts - AARR

Congressman who can hold us
old facts who need help now.

Please give me your thoughts
and soon - I don't have that
much time.

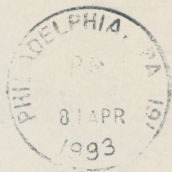

Your program is wonderful.
Sincerely,

Wanted love to call in -
but the price it would cost
too much to wait on line.
