

Sat. Oct 31-92

To "C" Span -

tonight local time 7:pm EST - you are showing a repeat show "The American Bar Asst. recorded 8-10-92

It would seem to me, you could put that air time to better use - considering how close the election is.

I have waited since 11AM. this morning to catch the "Parot" Rally's either - Florida or California - I imagine they will be shown in the "lull" hours of the morning, When no one is awake to see them

At one time I was foolish enough to think that C-Span gave a needed service and ~~was~~ ^{was} not bias - as of tonight, I realize that was a very foolish notion on my part.

For some reason the Media, including C-Span, doesn't want Perot's message to get thru.

Sorry, you will never have my trust again.

Sincerely,
