

MONUMENT VALLEY

An early snow covers Monument Valley with a blanket of white.

One time I heard  
a very wise man  
say - The all A  
student becomes  
a routine person  
in a routine job  
The B student does  
a few community  
things, but the C  
student with a  
good family background  
becomes outstanding.  
He is the well rounded  
person who leads  
thought of this when  
you quizzed Calvin Powell
