

Dear Mr Lamb: Love show <sup>last</sup> 9/4/94  
on Journ. Rd. Table this week-end  
Someone wrote in about Rush L's negative  
or called

remarks about Chelsea:  
And Mr Bodea (I think) said  
he deplored this, <sup>didn't question</sup> it.

But I want you to know that I've been a  
constant (often critical) listener to Rush  
for 2 years and he has not made direct  
or indirect mention of her. One time he  
criticized her school in allegedly assigning an essay  
theme. Please don't let this erroneous accusation stand.
