O-CY/LEW

Gentlemen:

I have something to say
to those people who are so worried
about what to tell their children about
the Monica Lewinsky / Bill Clinton
Affair. The emphasis is on
Clinton.

How do you explain a
woman like Lewinsky who has
boasted about an affair with a
teacher?

How do you explain the T.V.
programs focused on ~~the~~ Boy
and violence?

How do you explain the many drive-by shootings that murder innocent people?

How do you explain the recent school shootings that endanger the lives of children?

How do you explain the vicious malice that has hounded Clinton all of his political life and grows more desperate with each passing day?

How do you explain fathers — or mothers — that desert their children?

There are a lot of things in this world that need to be explained to children. Things that have a greater impact on their lives than Bill Clinton's sex life.

It seems to me that C-SPAN and CNN are increasing their effort to force the President to

to resign.

I can't see how all of this
negative talk is helping our
Country one little bit.

The real problems are
getting worse.

Up to now I've thought C-Span
was working hard to keep things
on a level track, but I'm
beginning to wonder.

Sincerely
