Dear C. Span

Our family was horrified when we turned on your station and the Gay-Lesbian march was on. The speakers we heard were using the most foul language I have ever heard on television. I couldn't believe it was allowed on your station. If that had been on a regular station there would have been many complaints. I was so thankful our son old was gone. Our son turned in later & saw 2 women dancing almost nude.

We enjoy C-Span so
much. We listen often &
learn a lot.

Please be more careful
in allowing this very
offensive programming!!!!

Thank you
