I like C-Span because —

I shall never forget how pleased, happy and completely surprised I was, when turning on my T.V., there in front of me, was C-Span, something I hadn't seen before. I listened awhile and thought, "this is just too good to be true, it must be on just for today". Then I found out it came on every day and also nights, I just couldn't believe it. It soon became one of my favorite programs. Seeing the Capitol on T.V. thrilled me as it has been a life long dream to visit the home of our great founding fathers.

C-Span has been very informative. I enjoyed watching the Iowa Caucus and all the Primary coverage in other states too. I especially enjoyed learning about all the states you visited — their history and ^{their} newspapers, as they play such an important part of our daily life. I listened to all the debates of the presidential candidates. I thought it was great when you went to a small grocery store to get people's opinions.

C-Span has such a variety of programs, it is always fresh and never dull. C-Span shows our representatives in action. I was especially interested in the Prayer Amendment and watched both day and night. I thank God for our Iowa Senators.

In my town, I had recently heard that people were signing a petition to get C-Span off of their favorite station. I immediately called our cable to tell them, I was concerned and how much C-Span meant to me. How can people not want to listen to C-Span, that they might keep well informed about their government? I know it will help my voting ability, and I believe our vote is very important.

C-Span has helped to refresh my memory of the history of our great country. C-Span has wonderful interviews and also listening to the people call in, has been very rewarding.

Congratulations on C. Sgan's
5th year!

Keep it coming to the people,
because it is about our government.

As Abraham Lincoln said of our
government — of the people
by the people
and for the people

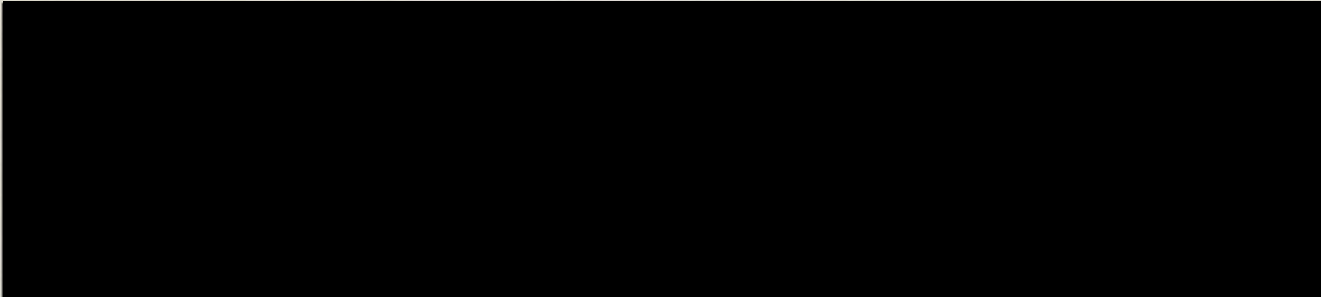

May this be our prayer —

"Long May our Land Be Bright
With Freedom's Holy Light
Protect us By Thy Might
Great God Our King."
