OCT 01 REC'D

Dear C Spar,

I have had all I can choke down of Saddam Hussein - all I hear and see from morning till I go to bed is Saddam Hussein. Doesn't the media know from past experience from Iran and their students holding the American Embassy Hostage - to the Hostages being held in Lebanon - to the bombing of the Marine to blowing ^{up} Planes of civilians - innocent students - military ^{etc} they are playing right into these Terrorists hands - The media is making Movie Star of all of them making them so important that everybody who has a TV or reads the Headlines and sees their smiling faces on front page - you - in the media - are throwing fuel - to the already blazing fire. - Lets go after our own Criminals in Our own Country I want to see Investigative Reporters to dig deep into these Rich who are ripping off America - The Iran Contra Scandle was never settled - they kept dropping charge after charge cause the Justice Dept made every bit of Evidence Classified for N S C reasons - Did Pointexter go to jail? If so - was he the scape Goat - so all the others could get away with a cover-up. And I want to hear and see all the S & T Criminals

Front Page - the charges (after full investigation from
the very top man to the janitor (if he is guilty) and
what each of them are being punished for if all their
Worldly Assets were seized to help pay for what
they did to this Country - Why don't we hear
or see anymore of the Top Brass - right on down
to the janitor of all those guilty of the HUD Fraud?
Is this another one of the Famous Republican
Cover-ups? - keep it out of the News and
soon America will forget - and why is
Alan Cranston the only one of the Reeling Five
who is suffering from the S & L Fraud all alone -
Is he another Scape Goat - lets see what all
five are guilty of - and lets see more of Neil
Bush's involvement - Is he being fully
investigated - or will this be another Famous
Republican Cover-up - Since Richard Nixon -
the Republicans are getting more clever with their
Cover-ups - Classifying them - using Scape
Goats to get all the other (deputing on your count with
the Government) off the hook - I saw what James
Watt got away with all through the 1980's and

is still laughing all the way to the Bank (maybe
the same bank - Oldie North and Second and Swiss

Now - I have always considered C-Span
one of the most Honest to your views - I
have been watching C-Span - CNN and Headline
News - ever since my son gave me American
Cable TV for Christmas last year - I am
hoping you will not throw this letter in the
trash - but investigate what I write - what the
Average News Viewer wants to know is how
much of Our White Collar Crime is Covered up
and only the little Guy pays "Fines" and pays for
his Crime. Government - "Elected and Appointed"
gets a Diplomatic Immunity. Come on
I want to see Mr. HUD tried and Convicted
and all Worldly Assets turned into "RooFs" for
the Homeless - and then sent to Prison. I want
to see everybody connected to S & L Fraud
Pay with all their Worldly Goods and a long
stay in Prison.
