C-SPAN — ON a day of Journalism
400 NORTH CAPITOL ST. N.W. SHAME
Suite 650
Washington, D.C. 20001

DEAR MR. Lamb:

It is incomprehensible how you got
out of the way to GET Daniel Schorr, and
McCarthy to Spew Venum over President
Nixon — BUT the WORST, most
undignified action by C-SPAN was on the
evening broadcast of the ceremonies,
where we were forced to see the entire
protocol in New York with your GUEST'S
voice over Sliming Venum from his
Fangs — This subject could NOT say even
one decent word about the Nixon Library!
(JULES WITCOVER)

This has been a VERY meaningful event
to us Veterans --- and I had but to
destroy my video Recording of the
events. — your most shameful production!

C-SPAN NEVER editorializes over an
ongoing event --- but it is obvious
someone on C-SPAN had or has his own
agenda... The late Presidents body is warmer
than the heart of your Recruited Guests.

ALSO, YOU EDITED THE CEREMONIES, ELIMINATING THE ENTIRE
MILITARY HONORS, INCLUDING BAND AND 21 GUN SALUTE!!!

When we WANT somebody to tell
us what to think, we turn to
DAN RATHER, Tom Brokaw or Peter
Jennings --- OR CNN.
But what you have done today is
unconscionable..

How can I and my fellow AMVETS
induce you to Re-transmit ALL the
EVENTS FROM TUESDAY, UNEDITED AND FREE
OF YOUR STAFF'S political agenda ---
We pray you give us the opportunity
to view ALL the events in the manner
you do every other event. - We want
to be able to Record it for our children,
(and forget TRYING to SELL us a C-SPAN
produced TAPE). - AND we ALSO want to
Record YOUR Bus visit to the Library.

Please Schedule an UNEDITED TOTAL
SEQUENCE without editorials. We'll do
OUR OWN THINKING. - Obviously
President Nixon was NOT PARANOID --- IF
the coffin were open, the Schorrs, McARTHUR's,
AND YOUR guest tonite would spit on him.
(JULES WITCOVER)

Today is a CSPAN day that will live
in infamy. - Have you ANY decency LEFT? -
