

11/22/96

Sir,

On 11/20 or 11/21/96 a frequent moderator on your program (male - 30-35 years old) was interviewing a single man named (last) Mann of the Los Angeles Times. Mann was asked a two part question ^{by a caller}, the first part matters not in this letter, and not connected to the second part of the callers question which was -

it was Jewish Capitalism that was opening un Christian China. Mann did not answer or refer to this part of the question. But most misguided the moderator never even asked for this part of the question be answered.

I am not asking Ospan be partisan but when gross and unbelievable, as well not remotely substantiated are allowed to be made by a caller, Mann ignores the statement and the moderator ignores calling it to the attention of Mann, to be answered O.WJ

- whatever the answer may be.

Please sir this may not apply when two competing guests are on, or though it may apply also.

Lastly we all know that Fortune 500 and thousands of moderate businesses are all interested ⁱⁿ a huge future market. Most all are controlled by huge institutions, funds and huge pension funds. To think of our huge auto, construction, banking utility and others to be controlled by Jews is an outright lie.

Like many of my friends who have small stock positions, we don't control anything, just small eggs.

To allow Mann to ignore this gross bigotry when ~~the~~ he was the sole answerer on your program in my mind make you a participant. Therefore I am no longer a span junky - lies and bigotry slip through and little attempt is made to hold answerers foot to the ~~fire~~ fire. I am not asking for partecanships - just answer the full question especially when only one guest.

A starting point ~~may~~ might be

as you sometimes do with reporters,
is who is the owner of the L. A. Times.

Hopeful for an answer
