Greetings:

Yesterday on CSPAN I saw listed "Gay and Lesbian Issues." I tuned in and watched maybe eight minutes. I don't know who chose the description "Gay and Lesbian Issues," C-SPAN or the group AIM. It was certainly a misnomer.

I am glad that C-SPAN presents different views on issues, but from what I saw, the presentation could have been more accurately named. I came up with a few:

- How The Right Wing Views Gays & Lesbians
- Anti Gay and Lesbian Views
- How To Change Gays To Straight
- Why Being Gay Is Wrong

Thank you for your statement in the 193  
Congress Handbook that letters are read  
and distributed to network management.

Sincerely,
