What a breath of fresh air
to see some journalist/analyst
that is not Jewish -

The Jewish monopoly of the
media is astounding to
us, & frightening - 3212-90

Perhaps you could show
some program - prime time -
where, how, why, the field
of journalism is one that is
catered to - so monopolistically
by the Jewish element in
the U.S.A.?

Surely you hear your viewers
opinion on this one tremendous
issue - Revolution or monopoly -
