Dear Sir:

002594 APR 15 93

I like and watch your early morning program, however
it seems slanted towards eastern newspaper's?

There seems little representation of weekly
newspapers! Examples:

Chase County Leader, Cottonwood Falls, Kansas

Lincoln County News, Chandler, Okla

I expect there are thousands of such papers in
United States which basically reflect grass root
thinking.

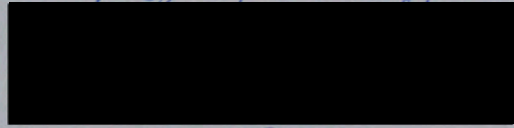

Regional papers receive very little representation,
Couple of examples:

Empire Gazette, Empain, Ks (William Allen White)
all pages

White Eagle, Wichita Ks

Austin Statesman, Austin TX

Only a suggestion, keep up the good work
Respectfully
