Dear Mr. Lamb,

Thank you for C-Span. You people give the mass American public the truth and knowlege of what is going on in Washington. It is so good to see what Tax Dollars are being spent for, and what the Senate and Congress is doing each day.

Personally we feel that before C-SPAN we knew little about the Nation's Capital Activities and what goes on in the White House. My wife and I turn to C-SPAN each morning at 0700 (CST) to see you or others interviewing people~"in-the-know".

Keep up the good work. Just got a reply from an earlier letter asking about CPAC. Thanks to your good people I heard from CPAC and now have ordered the '94 U.S. Congress Handbook. Would appreciate extra order blanks to give to fellow "Conservatives".

C-SPAN is the greatest thing on TV!

Respectfully

Added Note: The Rep. Jim Leach speech opened lots of eyes. (There is something hidden in the State of Arkansas----Clinton's Gestapo!)
