Re: Washington Journal of
this AM -

We had Mrs. Jackson Lee
for hours yesterday -
We had Mr. Bryant to-
day for hours. ~~Today~~.
Is this Democracy week
on the show? So much
for your "even" handling -
Drop this format - I
weary of one person
going on & on & on -
Mrs. Lee gave a
speech every
time she answered

a question - On the other hand, it was patently obvious that the woman was basically ignorant and I pity her constituents -

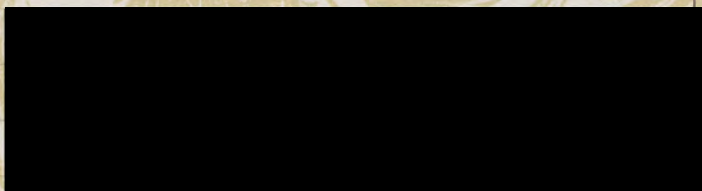

Go back to the East Coast - West Coast formats - The liberals call in on all lines and perhaps you should set up a system used by many companies the advertise "a freebie" - hosiery, underwear etc. in magazines. They have some method of rejecting attempts to obtain 2 of these freebies.

I called for free hosiery
and decided to order pairs
for my two daughters.
When I called again,
a day or two later, my
call was rejected & a
computer voice came on
and said "no orders
would be sent since I
had called before - On
this program, the same
people call' an over and
over - In your attempt
to hear "all" sides, I'm
afraid you have made
it more difficult
to call in at all.
Some of the people
have computerized

sped dialing & cut off
many others - Enough
said - Not so many
Democrats in a row,
please -
