CALL IN Program Director
C-SPAN
400 N. Capitol St. NW, Ste. 650
Washington, DC 20001

Today at approximately 4:30 PM, Pacific Time, I was watching Call In when a caller asked if Bill Clinton was a member of the Trilateral Commission. Your guest, the author of How to Get Elected, said he didn't know. Several weeks ago, I saw Rush Limbaugh on another of your programs, and he was asked by a caller if he was aware that George Bush was a member of the Trilateral Commission. Rush looked a little uncomfortable as he replied that he didn't know. Well, both George Bush and Bill Clinton are members of the Trilateral Commission as well as the Council on Foreign Relations.

Enclosed is a copy of The CFR/Trilateral/New World Order Connection, of list of the North American members of the Trilateral Commission and Council on Foreign Relations. Among the list you will find several members in addition to Bush and Clinton whose names have been mentioned at one time or another in connection with the upcoming election, such as Mario Cuomo, Jesse Jackson, Colin Powell, and Paul Volcker. Recently, as reported in the May 15 and 27 editions of Wall Street Journal, George Bush nominated H. Ross Perot into the Council on Foreign Relations. So, the gang's all here! All except one presidential candidate whose name is conspicuously absent from the list. That candidate is JAMES "BO" GRITZ.

Support for BO GRITZ is growing rapidly which should be big news. However there is nary a mention of him in any of the TC/CFR-controlled media. He has been denied guaranteed "equal time" by every broadcasting company. Is there a conspiracy? You bet there is!

Rush Limbaugh said there had been a conspiracy "theory" for many years but no one seemed to know anything about it. Senator Barry Goldwater knew about it when he stated, "The Council on Foreign Relations is the American Branch of a society which originated in England...(and)...believe national boundaries should be obliterated and one-world rule established...The Trilateral Commission is international...(and)... is intended to be the vehicle for multinational consolidation of the commercial and banking interests by siezing control of the political government of the United States." These statements cost him his political career.

As Chairman Emeritus of the Trilateral Commission and Council on Foreign Relations, David Rockefeller is, of course, aware of the

conspiracy, and at the last Bildeberger meeting in Baden Bagen, Germany, where international elitists, including such luminaries as Queen Elizabeth II and Bill Clinton, meet once each year to plan future world events (Gulf War, collapse of communism, etc.), he thanked the establishment media for their "discretion" in not revealing their globalist agenda until it was too late. Rockefeller said the elitist plan would never have succeeded if the full agenda had been exposed to the bright lights of publicity. He said that now the "supranational sovereignty of an intellectual elite and world bankers" was assured.

If you would like let your viewers know that there is another choice and give them a chance to meet the great superpatriot JAMES "BO" GRITZ, hear his message, and ask him questions about his plans to restore America to the morality, prosperity, and greatness we enjoyed while our Constitution was still intact, please contact C. R. Brown, AQCS USN, Ret., at JAMES "BO" GRITZ CAMPAIGN HEADQUARTERS, P. O. Box 1327, Middleburg, FL 32050, or call 904/573-0707 or 800/633-7692.

Let's take one more hill...Capitol Hill!

Good Times - Bad Times Recession - Depression

Influence or control of money, mail, media, military, IRS/tax courts, commerce, energy, unions, domestic and foreign policy, etc. provides an apparent opportunity for massive fraud, robbery, and control of the American people!

CFR MILITARY FELLOWS,

What is the Destiny of the Nation which turns its back on God's Law?

When the people of Israel came to Samuel demanding a leader to organize and protect their nation, Samuel delivered to them God's warning:

"This will be the constitution by which he will rule over you. He will take your sons for his chariots and horsemen, and to run before his carriage. He will appoint colonels of regiments for himself and captains of companies; also as mechanics in his workshops; as reapers of his harvests; and to make weapons for his soldiers, and appliances for his chariots. He will also take your daughters for confectioners and cooks and bakers, and he will take the best of your farms, and vineyards, and oliveyards, and give them to his ministers. And he will tithe your corn and wine, and give it to his officers and ministers. And your men servants and maids, and your best cattle, and asses, he will take and use them for his messengers. He will take your sheep, and make you his servants. And then you will shriek at the sight of your leader whom you have chosen for yourselves, but the Lord will not answer you at that day!" — I Samuel 8:11-18.

It has ever been thus for as long as the People have preferred worldly leaders to following God's Law.

It is so in America today! Consider the following points:

1. Our leaders have granted to themselves gratuities, immunities and privileges; they have accepted gifts in return for their favorable legislation and rulemaking; they have concealed the wrongdoing of themselves and their benefactors.
2. They have allowed the establishment of a privileged class with Titles of Nobility to have exclusive authority to operate before the Courts and to occupy the positions of Judges.
3. They have imposed a multitude of laws crafted to be beyond the understanding of the populace, requiring litigation by the privileged class for their interpretation.
4. They have changed the form of our government from a Republic to a Democracy by the creation of a corporate fiction "United States" and by deceptive contracts have imposed its corporate authority upon the inhabitants of the nation.
5. They have established vast bureaucratic agencies within their corporate "United States" with authority to promulgate regulations and impose penalties under color of law, using contracts to entrap and deceive the people.
6. They have assigned the control of the medium of exchange to a private monopoly of foreign agents who impose a usury money system upon the people and eat out their substance through interest and denied credit.
7. They have conscripted our sons and daughters into their armies to fight their senseless wars of protection of their privileged classes and the money lenders; and at their protracted conclusion, they have left behind those captured by the enemy and denied and concealed the evidence of their captivity.
8. They have placed the military powers of the nation under the authority of an international agency and foreign control.
9. They have destroyed the peoples' knowledge of their God by altering the writings of history, by denying prayer and reading of the Bible in the government's schools and in public places.
10. They have, through their "Supreme Court", made it "legal" for a mother to kill her unborn child.
11. They have altered our constitution by trickery, deception and fraud through the use of treaties, illegally adopted amendments and by denying recognition of amendments lawfully ratified.
12. They have driven the government into bankruptcy and delivered the wealth of the people to foreign agents while placing an unpayable debt upon the posterity of the people for generations to come.
13. They have built the Government to a magnitude of complexity and waste that is beyond repair by normal means.

We, therefore, find ourselves today in the same state as that of our ancestors, the Israelites at the time of Nehemiah, when he records that the people called out to God, recounting their own transgressions and disobedience and concluding:

"And our kings, our princes, our priests and our fathers have not practiced Your laws, and have not attended to Your Commandments, and the instructions which You taught them. For they did not serve You in their reigns, and the plentiful prosperity You gave them, and in the rich and fertile country that You gave to their faces; nor did they turn from their wickedness. — Therefore we are slaves today, and the land that was given to our forefathers, that they might eat its fruits and its products, — we are slaves upon it! Yet it produced much for the kings You have set over us for our sins, and they control our bodies, and our cattle, at their pleasure, while we are in great distress. "Consequently on account of this, we have made a covenant . . .", and he here lists the signatories of the covenant. — Nehemiah 9:34 - 10:1.

By that covenant they swore to "walk in the Laws of God" which He had given them through Moses, and to observe His Ordinances, Statutes and Judgments.

We, likewise, are left with no choice except to renounce before God and Men this abomination, and to declare that we are a Free People whose only law is God's Law, His Ordinances, Statutes and Judgments; and our only King is Jesus Christ. And we covenant with God and each other that we will honor no other.

Notes and Documentation for the Foregoing Points:

1. The Congress gave itself a 35% pay raise at a time when many Americans were losing their jobs, American industry was being moved overseas and the national deficit and debt were, and still are, increasing beyond imaginable limits; they exempt themselves from most of the laws they pass; they solicit Political Action Committee (PAC) contributions and sponsor legislation for their favorite contributors. Refer to the S&L bailout, the "Keating Five", etc.

2. The American Bar Association was established under the auspices of the International Bar Association which is controlled from London. Members are entitled "Esquire" and operate under license as officers of the Courts, both State and Federal. They have exclusive access to the office of Judge at any level above County Judge. See also Luke 11:46, "And he (Jesus) said, Woe unto you also, ye lawyers! for ye lade men with burdens grievous to be borne," and Luke 11:52, "Woe unto you, lawyers! for ye have taken away the key of knowledge."

3. Go to any law library, select any topic and ask to see all the laws, regulations and cases on that topic. Enough said.

4. State government's representation in the Congress was abolished by the seventeenth amendment. Article I, Section 8, Clause 17 and Article IV, Sec. 3, Clause 2, giving Congress exclusive authority over the District of Columbia and the federal territories, have been extended by contract and deception to include authority over the 50 states of the Union and the citizens thereof. See Title 26 U.S. Code Sec. 3121(e)(2) and compare to Sec. 4612(a)(4)(A), definitions of the United States as they apply to employment taxes and excise taxes, respectively. See also *The Federal Zone* by Mitch Modeleski in which the author describes the methods by which he claims the IRS extends its power of taxation far beyond the scope authorized by its own law. Any of the 50 United States is a foreign state to the United States (Corporate). Any corporation created by one of the States is a foreign corporation to the United States. See the Insular Cases, *Downes v. Bidwell*, 182 US 242 and *DeLima v. Bidwell* 182 US 1 (1901). Also see 26 USC Sec. 7701(a)(30) and 911(a)(1).

5. There are 279 agencies, administrations, departments and offices within the Executive Branch of the United States government with varying degrees of power and authority. Some act under the authority of Article II; others act under the authority granted to Congress by Article I, sec. 8; but most act by extension of the legislative authority of Congress over the federal territories and the extension of Amendment Article 14 to include the states of the Union and the citizens thereof. See *The Federal Zone* by Mitch Modeleski. Also see *To Harass Our People* by Congressman George Hansen.

6. Congress established the Federal Reserve System with the Federal Reserve Act of 1913 by which it allowed the majority of the class A stock to be owned by foreign investment bankers. It has assumed exclusive authority to issue currency against the credit of the United States and, with its member banks, to create money by action of extending credit through fractional reserve banking. This method of money creation makes it impossible for the people to repay the debt because the interest is never created. By regulation of the money supply and the banks' reserve requirement the Federal Reserve Board is able to, and does, control the level of economic activity in the United States. Refer to: *The Secrets of the Federal Reserve* by Eustace Mullins; *The Great American Ripoff*, An Indictment of the Federal Reserve Board, by F. W. Maisel; *Modern Money Mechanics*, published by the Federal Reserve Bank of Chicago; *The Truth in Money Book*, by Thoren and Warner.

7. Probably every war involving the United States has been at the instigation of, or in response to actions of, the International bankers. The war for independence was fought to free the colonies from the influence of the Bank of England; the War of 1812, to continue that independence.

For the background on WWII see *The Suicide of Europe* by Michael Sturza, and *Other Losses* by James Bacque; on Korea, see *The Eleventh Hour* by Gen. Lewis Walt. See *Hope's Husband* by Nord Davis for the U.S. betrayal of Nicaragua; *Called to Serve* by Colonel James "Bo" Gritz, *Kiss the Boys Goodbye* by Monika Jensen-Stevenson & William Stevenson for the story of how the United States betrayed its own POWs in Vietnam. Write your U.S. Senator requesting a copy of the report "An Examination of U. S. Policy Toward POW/MIAs by the U.S. Senate Committee on Foreign Relations Republican Staff dated 23 May 1991 which describes how our government has abandoned over 20,000 POWs since WWII.

8. See PL 87-297 (United States Code, 1982 ed. Vol. 9, p. 554) signed by John F. Kennedy in 1961 which calls for the "control, reduction and elimination of armed forces." Also see "The Blueprint for the Peace Race" (Publication No. 4 - General Series 3, United States Arms Control & Disarmament Agency, released May, 1962) the unabridged version of State department

Document 7277 which describes the reduction of the U. S. military, the merger of the U. S. military with that of the Soviet and Chinese and the elimination of all "lethal weapons" except those in the possession of the police and the armed forces.

Also see *In the Cause of Peace*, by Trygve Lie, first Secretary General of the United Nations in which, on pages 45-46, he describes the secret "understanding" by which he, Molotov, Vyshinsky, Hiss and Stettinius agreed that the Assistant Secretary-General for Political and Security Affairs (specifically, the head of all military activities) would be permanently the choice of the Soviet Union. Also see United Nations records which show that the "understanding" has been honored for the 47 years since it was made. Also see *The Eleventh Hour*, by General Lewis Walt, U.S.M.C., revealing his experience as commander of the Marine Corps in Korea, also *The Iron Curtain Over America*, by John Beaty.

Morris; *The SIECUS Circle*, A Humanist Revolution, by Claire Chambers. Also note that any church which has been granted "Tax Exempt" status has contracted not to speak out on anti-Christian political or legislative issues (see IRS Code, Sec. 501(c)(3)).

10. Over 20 million American babies have been aborted since Roe v. Wade, U.S. Supreme Court, 1973. The current rate of abortions is about 1.7 million per year.

11. See "The United Nations Covenant on Civil and Political Rights" ratified by the U. S. Senate by voice vote on April 2, 1992 which has the effect of nullifying our Constitution and Bill of Rights; also see *The Law That Never Was*, by Bill Benson & M. J. "Red" Beckman, which documents the fact that the 16th amendment (Income Tax) was never properly ratified; also see independent research of David Dodge of Taos, New Mexico which documents the ratification of the Thirteenth Amendment to the U. S. Constitution, known as the "Titles of Nobility" amendment, in 1819 and published as such by at least 10 states until 1867, but replaced with the current 13th amendment (abolishing slavery) by the Congress in 1861. The original 13th amendment has the effect of denying citizenship and the holding of office to anyone who has special privilege or immunity, such as lawyers and judges who are privileged to "practice before the bar" or to hold the office of Judge.

See also the history of the ratification of the 13th and 14th amendments in which certain former Confederate States were forced to ratify against their will. Also note that the 17th amendment was ratified in violation of Article V in as much as several States were denied their franchise in the Senate without their consent.

12. The federal debt currently stands at something over 4 trillion dollars and is increasing at a rate of over one billion dollars per day. The interest on the debt which must be paid by the People is also over one billion dollars per day. Put into personal terms, the share for a family of four amounts to about \$6,000 per year for interest alone, and the family's share of the debt stands at \$64,000. The bulk of this debt is owed to foreign agents.
