Jude and sen, of the e span
 it don, t make no differn
 What kind are colour are
 kind, it is not a leaker
 it is a lie are the truth not
 a leaker. There is so many
 people has been there quarter
 there was aliver north
 under guster for a long
 long time he had been
 there for thing he did not
 do and there will be many
 more this is a test as we
 will see for the years to
 come. as one woman said
 to give her a lie taste as
 i want you all to no i
 wrote and said it that to
 let the world no it is more
 then one has the some
 thought where it right are
 song. as aliver north he
 set there for years and years

because it was more lie told
then it was true. but at the
end he come throught it all.
so don't we forget our father
and his son jesus christ is
steer the head of every thing
as anite hill has come out
with a lie in heart from
day one sence the day she was
born. as for her and her mom
she can tell you while she
is up there telling these lies
like she is doing. as anite hill
said she is one of 13 children
they didn't has much there
is so many women had a
large family. not just her. but
so many of them didn't go
out to lie to get what they want
there is some that took our
father and his son jesus
christ the holy go and his
angels. anite hill is one of
the evil women that won't
stop at nather in order to
get what she want. she had

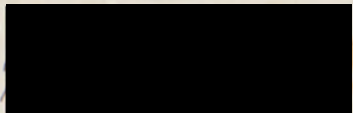

to write until she got a head in
the world for her to get up and
tell a lie like this, as you all
say that she took a lie last and
you said it prove that anite hall
was telling the truth that is a
lie that is a thing has been
made to make one tell the truth
but you no as the people is
as evil as they is they is trying
to turn right around in order
to destroy the world. as for bush
every sence he been in the white
the evil peoper has lie on him
in every way that they can to
get him out of the white house
thing that was done befor he
was even thinking about get-
ing the white house the evil
people is tryng to put that on
bush. but as we that is born to
hald up god nome no matter
what done are said a lot of
us can under stand how some
feel but as bush he will over
come it, just put god in front

and you get behind. But use
to get up to speak he couldn't
keep from crying. but there was
so many that was born to
stand for the righter he stop
feel sorry for his self as for
now look how the evil people
is trying to do him. thought
going thought the world trying
to turn to turn people again
him. they not trying to get a
head by what they has done to get
there they is trying to lie and put
people down on him but as i
say i am not the only one to
say these thing there is more.
and as for aile hill she was
put up by some to get up and
tell these lies and she was treat
like a angler that come down
from heaven, as been thought
all of these job she no how
to take the good and put it
with the bad and make it sound
like it was true as for the
cala and the main one the cala

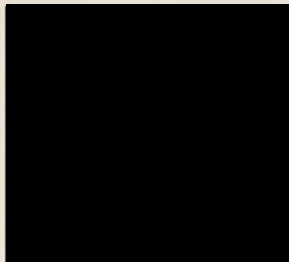

she had all read told the people
about the good thing that had been
done that is the way that these
lawyer is done to do over the
whole round world they is
taking the true put it with the
song in order to turn right
around to song to push one
down. but let his be some thing
to make you Thomas to become strong
in doing what our father and
his son jesus christ and the
halgo and his angles want you
to be. may god and his son and
the halgo and his angles be with
you and yours finally be with you
all and thank our father for letting
your man to pray and push the
dinner back and to make a child
like you to stand up for the
right no matter what is said
or done, and thank god for
all of them that is be kind
you of all kind this is a
test we all is praying for you
to go on through make no

Differen what done are said. Don't
give up. let us go back to the bible
the devil has power god give the devil
power but god has all power but
for you got to be able to stand
what every the evil people do
and say. in one way or other
we is used the bible. as the
sen. said that Thomas said he was
there to clear his name. That is
what we is say to do. That is
what he is there to do is to clear
his name and to let the people
no he is not the one that he said
that sen say he is. That is what
we that is for Thomas is saying
all over the world that is been
doing keding bush name in
order to get in the white, what
is you say that you are in that
lie you are to lie if you can destroy
his name you all ready has destroy
that mon. as is said that is what
is been done now. some of you are
trying to destroy bush name in order
to get in the white house. everything

I want to say to all that really believe in God
send up a pray for our leading people all over
the world that is trying to drive all satan away.
if your name is not nothing you are not nothing
if you say anything about any one you got to use his
name. God be with you all.
That you all is doing is using
bush name to to do what you want
to do. in other words this is quite
hill world again Thomas World. and
as you has work on a job with a
lot of people in it if anything
is said are done more then two
people no it, how can you get up
there and say the thing you are saying
and don't know nothing about it.
And as is said God is his judge
he know all about this lie that this
woman is telling and some of you
all there no how come, to. As the gov.
bill has said that bush didn't have
a black prize in the white house
as I wrote him and told him ab
out the black people, all of this
is coming from there that is
long and trying to get in the
white house. This man has been
asking Qvister that is not just
he has been out there for 1 hundred
and 8 days. What do you want if you
don't want him to forget his name
As you said quite ~~right~~ hill is letting
the true but Thomas is telling a lie
