

Dear Sir:

A request from an 80 year old admirer of you + your show.

I have never seen Jack Kemp on any of your shows. which brings to mind a request put forth by one of America's ex-Greats.

"Ask not what the country can do for you. Ask, instead, what can ^{you} do for ^{your} country."

I, finally, can oblige. With your help!

Put this man, Jack Kemp, on the air. Let the people get to know him. I can assure you that they will learn to love him as I do.

Unlike that "fraud" in the White House, this man is sincere when he says "I care".

This fine man can become ^{one} of America's "Greats" if given the chance.

(over)

1996 is not that far off!

Don't let him get away, again (1988)

Sincerely,

[REDACTED]
