Show on Harte
after President's speech.
Call - *opinion*

I enjoy your program; but, I detest some of your callers who have no respect for the Presidency - particularly callers who are let on who call the President a liar or draft dodger. This is uncivil and disrespectful.

Today's youngsters have no respect for their elders and now I can see why.

On your program on Harte one of the reporters Mary Carlson of Time was also, I believe, not professional in calling the President "Dick Willie."

Many of the average middle class people know little about our relations with Harte and we have to rely on President Clinton and Defense Secretary Perry and others to make good judgments.

Call in and say they
like President Clinton and
they can't understand why this
hard working President is so
disliked by our own U.S. Citizens.
Is it the media doing this?
In these countries their leaders
are respected and many cases
reversed.

The last 4 or 5 Presidents here
had to put up with accusations
of some kind; that is why they
are only in one term.

How much money and time
was spent on Iran gate and
White water and others and
nothing but Time, money and
scandal ~~was~~ wasted.

Upset with your media callers.
If we can vote for ~~the~~ "men", democrat
or republican, and many of us do,
then why not be bi-partisan at times
when it is good for the country.
