Dear Brian,

As you have said, it's difficult to get through during your call-in programs. To-night I'm so angry I need to get it off my chest!

If you ever ask people questions submitted by mail, I have three for any Republican leader:

1- I'm tired of hearing Clinton smeared with "draft dodger." Has Gwalt suddenly come up with a manslaughter record? (Vietnam was an immoral war, in my mind and I don't blame anyone for not wanting to go there)

2- The Republicans praise Reagan's record and blame Congress for Bush's record - with Democratic control of Congress for 38 years how do they explain the difference?

2.

3- you've shown a lot of Nixon
quotis during this convention. Since
he was pardoned and not impeached
as he should have been, how
many taxpayer dollars have gone into
his pocket since his retirement?

To my mind, this Republican
convention is an insult to the
intelligence of Americans.

Sincerely,

P.S. - Just read the article on you in "Time".
Be prepared for Republicans to criticize your
life style! Be happy ☺
