PRISON REFORM:

THIS country has tried to build its way out of a repetitions existing problem - CRIME. TO solve any problem there must first be a careful analysis of that problem! THERE needs to be an immediate end to the assumption that incarceration is our solution.

THE U.S. makes up OF 5% OF THE world population and 50% OF world drug abuse. Drug abuse stems from the attempt to escape reality. WE HAVE a large percentage of incarcerated men whom come out of dysfunctional families, families of low self-esteem, learning disabilities and poverty stricken neighborhoods.

African Americans need more than a promise of a job, legislation needs to stop cutting funding for detox programs. Every individual incarcerated is not a criminal, however the system does not give attention to the needs of the unfortunate!

Two things are considered in the courtroom, prior offence and plea bargaining - this does not solve the existing problem. Where institutions and large corporations may have helped they have continuously failed by closing the door of opportunity.

After the system has incarcerated a man and provided him with the opportunity to receive a trade that is taught in suburban high schools, then releases him after X amount of years with fifty dollars crime and more crime is inevitable!

INSTITUTIONS ARE BY
"NO MEANS" MEANT TO REFORM - WE
MUST FIRST START IN THE COMMUNITY
WITH JOBS AND PROGRAMS. IT IS MY
FIRM BELIEF THAT REFORM LEARNED FELONS
CAN CONTRIBUTE TO SOME IDEAS NECESSARY
FOR CHANGE. WHO IS MORE QUALIFIED
THAN ONE WHO HAS BEEN ON
THE INSIDE?

WE LIVE IN A DECADENT
RACIST SOCIETY. GOVERNMENT MUST EN-
FORCE SEPARATION OF CHURCH AND
STATE TO END HYPOCRISY AND FOCUS
ON THE REAL PROBLEM - ECONOMIC OPP-
RESSION.

HOW CAN YOU REHABILITATE
A MAN WHEN YOU TAKE HIM AWAY FROM
ALL HE LOVES, PUT HIM IN AN ENVIRON-
MENT WHERE HE IS TREATED INHUMANE AND
GUARDED BY GUNS 24 HRS. A DAY. THIS
GOVERNMENT "MUST" TAKE MORAL RESPON-
SIBILITY FOR ITS MISTAKES OR SUFFER
THE CONSEQUENCES WHICH THEY HAVE
CREATED !!
