

Brion ^{"Limb"} Limb,

What was the purpose to have Limbaugh on "forever" during the week end? It was plenty to have the radio show aired on Friday. What do you believe the majority of Viewers gained by it being on? I believe it is C-Span's way of presenting their philosophy through words of a messenger.

It is obvious, even to Rush's dittoheads, that he is a bigot and a demagogue. What other radio show have you replayed over & over again that is three hours long?

This fat boy is no more than a sanitized Klan, an "old" skinhead with hair, an unintelligent drop-out who appeals to the emotions of people like you.

The sound of his voice causes me to regurgitate.

He's a fraud who "did not write" his best sellers (Christine Craft ^{former} Co-worker of the "Co-author")

To see C-Span promoting such characters is disgraceful. I'm sure of what you will reply (you won't) that others enjoyed it or praised it, that he has many followers. I believe (mostly non-thinkers and Republicans or Conservatives)

which is your excuse - Why not put on others who have their ideas - Howard Stern? Remember Hitler was popular with millions of believers in the Main Stream.
