

Dear C-Span,

I was listening to C-Span on Dec. 23 when Mr Frank (Los Angeles Times) Ellen Hume & Mr Turner and wanted to call in but never can get through. I listen all the time. The lady that called in with the news being as boring about the Clintons sex life (certainly had everything down to the last bit of news for being so boring, about Hillary not caring about her husbands infidelity (the other lady said it didn't matter to her, I can tell you I would have kicked him out a long time ago, but Hillary is more interested in being President than his affairs.

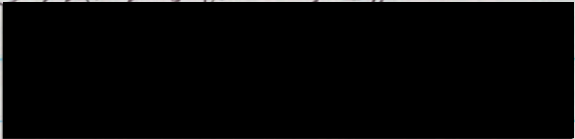

As for Ellen Hume saying this was just trash not to be brought to our attention is a lot of bull.

We are the people and we should know about this and it should

be kept as news until this is
gotten to the bottom of.

Thanks to Mr Franz & Mr Turner.

Also Thanks to C-Span
